About UXPA International

The User Experience Professionals Association (UXPA) connects and supports people who research, design, and evaluate the user experience of products and services. Since its birth in 1991, UXPA International has become the organization of choice for user experience professionals worldwide. UXPA currently has over 50 chapters around the world, each helping build local design/research communities for networking and knowledge sharing. UXPA is internationally recognized as an authoritative source of knowledge on the practice of usability, user-centered design, and user experience. Please have a look at http://uxpa.org/about/sponsors to see how your company/organization can get involved as a UXPA sponsor.

About the Conference

A tradition going back nearly three decades, the Annual UXPA International Conference is the premier conference for UX professionals, both new and seasoned. Every year, we gather to share research and design innovations, and each conference is packed with teaching, learning, and growing - from the best UXers in the world. The upcoming 2018 conference at the Wyndham Rio Mar in Puerto Rico will be the 27th.

Attendees

People come from all over the world and from different disciplines. At recent UXPA conferences, attendees represented nearly 30 countries, with backgrounds in HCI, psychology, research, design, and development. Seasoned and mid-career professionals, newbies, and students all contribute to creating a friendly atmosphere of knowledge sharing - and we have loads of fun!
